

# Help the Next Generation Think Bigger

Think Big's mission is to break the cycle of poverty by preparing kids to excel in the workforce. Our goal is for every student to complete their education journey and earn a livable wage in a career of their choice.

Since launching the Think Big for Kids [Scholarship Program](#) in 2020 with just one student, we have awarded more than **\$1.3 million in scholarships** to over **350 students** pursuing post-secondary education.

## Think Big scholarships help deserving students attend:

- Technical & Trade Schools
- Community Colleges
- Four-Year Universities

## Why Your Support Matters

Think Big scholarships provide critical support for students pursuing career pathways and educational goals that may otherwise be out of their reach.

Our students face significant financial barriers while working hard to build a better future for themselves and their families. Your investment directly helps remove those obstacles and opens doors to opportunity.

“

**This scholarship will help ease some of the financial burden of educational expenses. As a student coming from a single-parent household, where my mother has worked tirelessly to provide for me and my younger sister, this support allows me to pursue my education with some relief of the constant stress of financial strain.”**

— Class of 2026 High School Senior
